Unique Adjustable

**A superbly innovative product allowing for
infinite flexibility in displaying literature**

3PAS-5

A product which can be set up to
hold any size material, this system
has the bonus that single pieces
can be added as required, with
each additional module creating
an extra **3** pocket display at less
than half the cost of a standard
brochure holder.

The unique system has been de-
veloped for use in all types of lo-
cations, especially where wall
space is limited.

Three versions have been developed:

3PAS - For use with our unique clip-on aluminium strip, AL95. This
system can turn whole walss into an adjustable display system which
can be changed to accommodate any size of material - standard or
not - at any time. Cut aluminium strip to required length and screw
to wall or display board through the holes provided.
