

EM-70 Tire Mat

Entrance Matting

Keep your facility clean and safe with our new 100% post-consumer recycled rubber entrance mat. Part of our Drain-Well® series of Entrance Matting, the EM-70 Tire Mat features recycled rubber from airplane tires. These rubber strips have woven nylon fibers for maximum absorption. Identical on top or bottom, the EM-70 can be flipped over for double the product life.

EM-70 Tire Mat

A Versatile Addition To Our Entrance Matting Systems

Product Code	Description	Illustration
EM-70-CS	Closed construction with a single rubber strip	
EM-70-CD	Closed construction with a double rubber strip	
EM-70-OS	Open construction with a single rubber strip	
EM-70-OD	Open construction with a double rubber strip	

Made from 100% post consumer recycled rubber, our EM-70 Tire Mat is a great addition to our Drain Well® Series of Entrance Mats. With open or closed construction, the options for this mat allow for increased drainage and removal of debris.

Available in a natural gray color with mill finish aluminum rail construction, this mat is available with an optional cross beam support system for the highest load capacity.

Corporate Information

Our vision & warranty
Pawling Corporation pledges to employ all its resources to focus on customer satisfaction and continual improvement. We strive to provide superior quality products and services that meet or exceed your expectations. We want to be your first choice for a wide variety of architectural products.

Pawling stands behind every sale with our Limited Lifetime Warranty. We warrant all standard catalog products against defect in materials and workmanship when installed in conformance with the Pawling Corporation Installation Instructions.
