

THE POWER TO INSPIRE

ZENOLITE

THE NEXT-GENERATION HIGH
GLOSS PANEL, IN A RANGE
TO SUIT ANY APPLICATION

Zenolite® is a next-generation high gloss wall panel. Vivid, lightweight and stronger than glass, it's a sophisticated solution that improves any room. Designed and manufactured in Australia, it's suitable for both residential and commercial applications.

FEATURES

Zenolite is made from two layers of acrylic, co-extruded into a single sheet. A vibrant colour layer is capped with a stunningly clear top layer to create a panel of incredible depth, gloss, and clarity.

- Lightweight and easy to handle, Zenolite can be installed rapidly over new or existing wall finishes, and comes in a range of convenient panel sizes.

- Zenolite can be fabricated on-site with standard woodworking tools, and installs using double-sided tape and neutral cure silicone.
- Zenolite's non-stick surface will not harbour mould, soap or calcium buildup therefore making it easy to clean using just warm soapy water and a microfibre cloth.
- All Zenolite has a 10 year indoor UV warranty.

PANEL SIZES

- 3620 x 1220 x 6mm
- 2700 x 1220 x 6mm
- 2440 x 1220 x 6mm
- 2440 x 1220 x 4mm
- 2440 x 1220 x 4mm (Hard Coated)

Other sizes and colours available on application, and subject to minimum order quantities.

Please visit zenolite.com for more information.

Zenolite is available in a wide range of colours, and is suitable for a multitude of applications – from kitchen splashbacks and feature walls, to entire hotel foyers. It can also bend to form gentle curves.

Zenolite HC is a Hard Coated version of Zenolite. It's designed to accommodate more demanding environments, including bathrooms and shower walls, high-traffic areas, and public amenities.

Zenolite LE is the special Luxury Edition of Zenolite. Incorporating a range of designer textures, including metallics, minerals and woodgrains, it combines the beauty of exotic materials with the practicality of Zenolite.
