Cover Image: Benchtop in Staron® colour: Aspen Glacier and all cabinetry clad in Staron® colour: Quasar White. A1181 integrated Staron® sink featured. Design by Sublime Architectural Interiors.

INTEGRATED SINK SPACES WITH STARON®

Staron® Solid Surfaces created by technology leader Samsung, is manufactured from a natural mineral refined from bauxite and blended with pure acrylic resin. Staron® Solid Surfaces are suitable not only for commercial projects, but for endless applications around the home including kitchens, bathrooms and laundries.

With a selection of four single and three double kitchen sinks – a seamless and totally integrated kitchen benchtop space can be created. You can even create your own design to fit the specific needs of your project. No dirt trapping joints or crevices to clean, just one continuous surface that looks and acts like one piece.

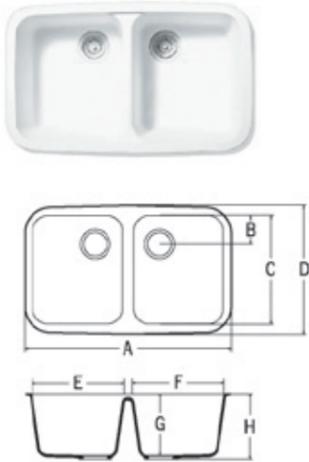

The renewable nature of Staron® means that after years of use, the surface can be sanded, restoring it back to its original condition. Due to its nature, every wipe to the kitchen benchtop will rejuvenate the surface. Whites will stay white due to the non-porous nature as no stain is ever permanent, as well as a strong and renowned UV stability.

Staron® is an affordable quality solid surface backed by a **Samsung 10-Year Warranty** for peace of mind. Staron® is a homogeneous and solid mineral-filled acrylic polymer material so that it is easy and convenient to care for and maintain. Simple routine maintenance is required to keep it looking new and fresh. For full warranty details, and to register your warranty visit www.staron.com.au

CUSTOM COLOUR STARON® SINKS

A Staron® benchtop can now flow through to the Staron® sink in the same matching colour! Order a matching sink to any Staron® colour for a clean and unique look and feel to the kitchen space. Staron® sinks are joined to the benchtop with no open joints so that the sink and benchtop perform like one continuous piece. Add a second colour match sink for an integrated double sink space that maximises your work space and minimises the time that you spend cleaning with a 'one-wipe' flow from the bench to the sink. Available in any Staron® colour in the Australian collection. To view the current Staron® colour range visit staron.com.au

CUSTOM DESIGNED STARON® SINKS

The design versatility of Staron® Solid Surfaces extends its application to endless design solutions. Create circular, square or sculpted vanities that are shaped and curved - all with no open joints. Your custom design can extend to splashbacks, drop down edges, integrated drainer boards - or can continue monolithically around an entire bathroom space. Staron® can be used to create your dream bathroom space in your home, or as a surface solution in a high traffic industrial kitchen space. With an integrated sink and benchspace, cleaning is easy and the end result is beauty, elegance and function.
